1. Introduction

These Guidance Notes are intended to assist Applicants in understanding the requirements for requesting and receiving funding support under **Measure 2 – Strengthening a healthy cultural identity** of the Xlokk Local Development Strategy (LDS).

Applicants are advised to familiarise themselves with these Guidance Notes prior to filling in and preparing the Application Form. The Guidance Notes, Application Form and all annexes and other documentation are available on GAL Xlokk's website¹.

Applicants are reminded to check that they referred to the latest guidance notes as available on the website, and that they have filled in the latest available version of the application form that is available for download from the website. Only the latest version at the time of application will be accepted.

2. Rationale for Intervention

This measure, falls under Objective 1 of the Xlokk LDS – Development of the cultural landscape, social heritage and tourism product of the rural territory.

The analysis of the territory and the results of the consultations have both demonstrated a uniquely strong element of the community's need to establish its identity, on a regional as well as on a local scale, through cultural and social investments, and a strong emphasis on the need to invest in projects that develop this cultural heritage of the rural community. In this sense, culture is seen as a driver and a destination.

As the analysis of the territory and its population shows, and as rightly echoed by the public on more than one occasion during consultation sessions, culture is the cradle that best accommodates the diverse investments and interests of a rural community that is continuously in evolution. Culture is a dynamic concept and a multi-functional vehicle, one that reflects the aspirations of the community, while providing a means for expression and development as well as for the improvement in the quality of life of the individual and society.

Against this evidence, the need to support the development and strengthening of cultural and social investments in their many and very diverse forms, is both logical and justified, as these activities represent the people's way of life within the rural communities. The rationale to encourage a very wide scope of actions with a cultural dimension stems from the evidence of the existence of a wide spectrum of cultural

¹ <http://galxlokk.com/category/documents/>

activities, and a desire to continue to build on the already established cultural heritage, as well as expand on it. With this reasoning, the aim is two-fold: to ensure that no group or sector is excluded, however small or under-represented it is, as long as it has a genuine intent to engage in the creation and development of cultural investments with true links to the rural territory in which it operates, and to stimulate the further development and growth of this rich cultural and social fabric of the community.

This measure is built on the premise that without the necessary investment in the infrastructure, these cultural and social activities would not be possible. This need is more evident when one considers that most of the functions in question are run by local voluntary groups, with little or no access to alternative sources of funding. The intention is therefore to use the LEADER fund to provide support for the necessary initial infrastructure to be put in place, such that the activity/investment can be sustained in the longer term. Supporting voluntary organisations that are dedicated to the promotion and delivery of a stronger and healthier cultural identity will also foster increased social cohesion and contribute to the further development of the LAG's regional identity.

3. Scope and Objectives of the Measure

This measure is intended to provide support for the setting up and/or quality improvement of activities, events, experiences and sessions of cultural and social value, that have a strong link to the historical, social and cultural development of the locality or the region, build on the rural heritage of the areas, and that are aimed to provide a means of entertainment and recreation, social space and expression for members of the community. Support under this measure shall be provided for the investments in any one or a combination of the following areas: culture, arts and crafts (including performing arts, dance, film, literature and theatre productions; trades and artisanal crafts and products), music, sports, adventure (including outdoor adventure and scouting), life skills (including survival and leadership skills), gastronomy and culinary experiences, agrarian traditions and heritage, and trades and traditional practices (including fisheries and farming).

This measure supports interventions that are aimed to invest in the infrastructure for new or improved cultural and social investments to take place within the Xlokk territory. Such investment includes improvements to immovable property/premises from which the group operates, and other related ancillary investments in equipment and facilities that are necessary for the activity or event.

This measure shall not support the maintenance of existing/on-going cultural and social activities that are already being organised on a regular basis.

4. Eligible Actions

Support through this action shall be limited to Capital Expenditure undertaken by Enrolled Voluntary organisations that do not carry out an economic activity within the meaning of Article 107 of the Treaty of the Functioning of the European Union. The operations of such entities must be in compliance with national rules and regulations.

Projects must be physically undertaken in any of the rural localities that constitute the GAL Xlokk Foundation territory, listed in the following table.

6. Description of the requirements and targets

The applicant is required to demonstrate that the proposed investment shall result in the achievement of the following targets:

- i. the creation of new cultural and social investments/events and/or the significant improvement of existing ones.

The contribution of this measure to the cross-cutting objectives of climate and the environment is promoted through the requirements for environmental sustainability embedded in the selection criteria, whereby preference is given to investments that demonstrate how the environmental/climate impact is being reduced (e.g. the project has sound waste-management and/or green transport arrangements) and investments that incorporate an element of education and communication on the local environment.

These elements in turn contribute towards the innovative aspect of the measure, moving away from the more 'traditional' way of doing things on a single discipline, but rather striving to combine different aspects of the local culture.

15. Ranking of Projects and Selection Process

The PSC will proceed to award marks to each proposal based on the information submitted in the applications and provided through clarifications (where applicable). In order to qualify for selection, the proposal needs to obtain a total of at least 50% of the total marks of the general and measure-specific selection criteria. For those eligible projects going through the assessment stage, the PSC will seek clearance from the State Aid Monitoring Board (SAMB).

A preliminary list of the proposals containing selected, on reserve and failed applicants together with their respective score shall be drawn up. Furthermore, the PSC reserves the right to request project re-dimensioning in special circumstances.

The preliminary result shall be published on the Foundation's official website⁴. In addition, a notification letter shall be sent to applicants informing them of their right of appeal in cases where applications fail to qualify.

16. Unsuccessful Project Proposals

In the notification letter sent to the applicant, reasons why the project was not selected shall be provided. The applicant shall have the right to appeal in writing through a registered letter within 5 working days from receipt of the email/letter of notification of result sent by the LAG.

⁴ <http://galxlokk.com/category/news-2/> and <http://galxlokk.com/category/documents/>

The appeal is to be addressed to the Chairperson of the Project Selection Appeals Board (PSAB). The PSAB is an independent Committee set up to review in an autonomous way any appeals lodged. The applicants wishing to lodge an appeal must send a registered letter addressed to **“The Chairperson”, Project Selection Appeals Board of GXF, 269, Main Street, Qormi, QRM 1107**, within 5 working days from when the applicant receives the notification letter.

The Appeals Board will not consider late appeals.

The letter should include detailed reason/s of why the appeal is being made, supported by any relevant documentation/testimonials.

The Chairperson of PSAB shall review and assess the validity of all the appeals submitted within the stipulated timeframe. Valid appeals will be presented to the PSAB for assessment. Upon submission of the appeal, the Appeals Board shall be convened within no later than 5 working days to review the appeals presented. All necessary relevant documents will be made available to the Appeals Board by the LAG Manager.

The Appeals Board must conclude the process of appeals by no later than 15 working days from the appeals closure date. Upon finalisation of the process, a detailed report articulating all decisions taken must be presented to the DC.

The decision of the Appeals Board **is final** and the applicant cannot contest this decision. The DC must notify in writing the decisions to each appellant. The appeals procedure shall be published on LAGs website.

17. Publication of Final Result

Upon completion of the appeals process, GAL Xlokk shall publish the final result of the projects eligible for financial support on its website and notice board.

The successful applicants will receive a ‘Letter of offer’ following the publication of the Final list of results. The applicants will be required to send a ‘Letter of acceptance’ (a draft copy of the Acceptance letter will be sent with the letter of offer) and a Bank Payment Form within 10 working days from the receipt of the ‘Letter of Offer’.

If, after 10 working days, the LAG does not receive the letter of acceptance, it will be considered that the applicant is no longer interested in undertaking the project and funds will be relocated according to the discretion of the LAG.

Should the beneficiary accept the offer, eligible period of expenditure should start from the date of submission of application (*Refer to Article 60 of EU Regulation 1305/2013*).

18. Procurement Procedures

Given that the eligible applicants under this call comprise of Enrolled Voluntary organisations (3) comparable quotations should be submitted for each line item.

In the case of infrastructural works a Bill of Quantities (BOQ), has to be presented at application stage. This has to be endorsed and dated by a warranted architect appointed by the applicant. Nonetheless, applicants submitting a BOQ are still obliged to present (3) comparable quotations for each line item prior to the project implementation.

19. Contracting with Beneficiaries

Contracting shall be undertaken by the GXF with the beneficiaries. Contracts are to be signed by the LAG's Chairperson (or any formally authorised delegate) and a legal representative of the beneficiary. In case where the signatory on behalf of the beneficiary is not a legal representative, a power of attorney must be presented showing delegation of signatories between the legal representative and the appointed signatory. The power of attorney is to be endorsed by a public notary.

The contract shall be given to the beneficiary for verification prior to it being signed. The contract shall be signed in two originals (one for the LAG and another for the beneficiary). Copies must be maintained in a secure location by the parties for a period of seven (7) years from the date of signing.

20. Payment

- The facility of interim payments will be provided by the Agriculture and Rural Payments Agency (ARPA).
- Interim payments (of up to 80% of the total eligible value of the project) following the submission of a request for reimbursement and financial documentation (including invoices and receipts).
- In case of infrastructural works a provisional certificate of works prepared by an engineer/architect must also be presented.

- The final payment of the remaining 20% of the total eligible cost of the project will be made following the completion of the works and submission of the request for reimbursement together with the necessary financial documentation (including invoices and receipts, and a provisional certificate of works prepared by a warranted architect).
- The final payment will be affected once an on-the-spot-check is carried out by GXF and ARPA and adherence to the contract is confirmed.
- Claims are to be presented as outlined in ARPA's payment guidelines available at www.arpa.gov.mt
- In case of irregularities, penalties and sanctions may be applied.
- Official certification by the architect appointed by the beneficiary is required for settlement of final payment (in case of infrastructural works).
- **The project is to be completed by not later than 15th November 2019.**
- The final claim for reimbursement of funds allocated to the project must also be submitted within this deadline.

21. Extension to Contract Timeframes

Should the beneficiary require an extension to the timeframe stipulated in the application form and contract, a written request is to be submitted to GXF, whilst notifying the Managing Authority. The form to be used in such case is the '*Change Request Form*' and the request should be made before the actual expiry of the original timeframe.

A request for approval of an extension of the time required in order to terminate the project is to be backed by written justified reasons. Cases related to poor project management will not be accepted. Following review of the request by the GXF, the final decision will be sent to the beneficiary in writing. Should an extension be approved, the period of extension shall be determined by GXF, after consultation with the Managing Authority.

In cases where amendments to the contract are required, the beneficiary must submit a *Change Request Form* to GXF prior to the changes being actually implemented (a priori) and the beneficiary must wait for a reply from GXF.

If a request for changes to the contract is submitted after these changes have actually taken place (ex-post), the changes will not be eligible for funding and, depending on the extent of the changes, this may lead to the whole project being considered ineligible.

The written request for changes must indicate the changes required, the necessary justification and relevant supporting documentation.

If the applicant wishes to change the specification of the investments, a written request prior to such changes must be sent to GXF. For example, funding is approved for the purchase of Model X of a projector and following the contracting, the applicant wishes to purchase Model Y of this projector as the previous model is no longer produced/available, then a request for change must be submitted and the applicant must wait for a reply from the competent Authority.

GXF will review the request and if the proposal does not affect the nature of the project and remains in line with the objectives of the Measure, the changes may be approved. A notification letter will be sent to the beneficiary in writing and an addendum to the contract shall be carried out and signed between all parties.

If the request for changes is not approved by GXF, the beneficiary will receive a notification and will be requested to confirm whether the project as stipulated in the contract will be completed or withdrawn.

Failure to comply with the contract

Failure to meet the commitments stipulated in the contract shall result in sanctions applied to the amounts committed or paid. The Agriculture and Rural Payments Agency, Internal Audit and Investigations Department (IAID), the European Commission (EC), the European Anti-Fraud Office (DG OLAF) and/or the Managing Authority reserve the right to undertake further checks and controls.

22. Project Sustainability

It is to be noted that in line with Article 71 of Regulation 1303/2013, in the case of an operation in infrastructure or productive investment, the applicant shall repay the contribution from the EAFRD Funds if within (5) years of the final payment to the beneficiary or within the period of time set out in State aid Rules, where applicable, it is subject to any of the following:

- a) A cessation or relocation of a productive activity outside the programme area;
- b) A change in ownership of an item of infrastructure which gives to a firm or a public body an undue advantage;
- c) A substantial change affecting its nature, objectives or implementation conditions which would result in undermine its original objectives.

23. Publicity

In case of information and publicity, the main beneficiaries must abide by the provisions of Part 2 of Commission Implementing Regulation (EU) No. 808/2014, as well as any Publicity/Visibility Guidelines that may be provided by the GXF through MA.

In order to meet the requirements of the EAFRD Regulations, beneficiaries must ensure that adequate publicity is given to the project with a view to:

- a. making potential participants aware of the opportunities afforded by it;
- b. making the general public aware of the role of the Community in relation to the project;
- c. ensure transparency of the assistance concerned.
- d. As an example, materials used by the Beneficiary and major correspondence, including contracts signed with third parties must include any acknowledgement of EAFRD support.
- e. Any publicity material, such as advertisements, billboards and information leaflets about EAFRD co-financed projects must acknowledge this support.
- f. Publicity of individual projects must be incorporated into the project budget.
- g. Applicants are to be cautious when determining publicity actions for the project.
- h. Applicants should also ensure that the project benefits from any free publicity and that anything that will be proposed to be funded under the project is either obligatory or adds value to the results of the project, taking into account the value for money principle. In this regard, publicity measures of individual projects should take into account the nature of the project and must be relative to the size and objectives of the project.
- i. The Beneficiary should note that publicity may only be used to increase awareness of what EU funds are used for and to disseminate results. Publicity measures undertaken must be project specific.
- j. Publicity and information measures must not be used as a marketing tool to promote an organisation, its products, services or infrastructure. Where a project includes an element of marketing, this must be used to complement but not replace the project's obligatory information and publicity measures.
- k. Marketing efforts should be included as a separate activity in the project and as a separate budgetary allocation and justified accordingly. The Applicant may also make reference to the 'Visual Identity Guidelines 2014-2020' that may be downloaded from the following link:

<https://eufunds.gov.mt/en/Operational%20Programmes/Publicity/Documents/VIG%20and%20logos%202014-2020/Visual%20Identity%20Guidelines%202017%20Final%20v.%201.pdf>

In accepting the offer of EU Funds, the Applicant will take on responsibility for compliance with these terms and conditions. These include requirements to demonstrate satisfactory progress in delivering what the project has set out to achieve and adherence to an agreed pattern and time schedule of spending. Failure to meet these conditions and any false information given in the application may lead to the EU Funds being withdrawn and any EU Funds paid being recovered from the Applicant.
- All projects are subject to management verifications, audits carried out by auditors (including by the Internal Audit and Investigations Department (IAID), the European Court of Auditors and the European Commission (EC) auditors), evaluations (programme evaluators) and inquiries by DG OLAF.
