

9th August 2019

Open calls: - Measure 1: Restoration of assets of artistic and cultural value and Measure 2 (2nd call) – Strengthening a healthy cultural identity

The Foundation would like to inform the general public, local councils, voluntary organisations and any other stakeholders within the Xlokk territory, that the initial verifications of the submitted applications from the two above-mentioned measures forming part of the Xlokk Local Development Strategy (2014-2020) were completed.

The initial checks have found that a sum of the allocated budget under measure 1 - *Restoration of assets of artistic and cultural value* and measure 2 (2nd call) - *Strengthening a healthy cultural identity* has still not been sought. Therefore, the foundation is hereby notifying that both calls are still open.

As per guidance notes, issued on **21st June 2019 Block number 2 should apply**. Therefore, the **next deadline is 26th September 2019, at noon**. Should any of the budget remain after block number 2, another notification will be issued after deadline. The same guidance notes and application form apply in the case of both measures.

Regards,

Terence Camilleri
GXF Manager
